SAP Design Hub India

Beating Heart of Global SAP Design

About the Hub

Design Hubs at SAP are local creative communities where designers connect, collaborate, and celebrate design in all possible forms and functions.

Arin Bhowmick

Chief Design Officer, SAP

Transforming enterprise software through human-centered design leadership

Carolina Marquis

Global Head, SAP Design Hubs

Building global design communities and fostering creative collaboration

Amit Kumar Tiwari

Lead, SAP Design Hub India

Driving design excellence and innovation across India's enterprise landscape

Smitha Uttam Tallimani

Community Growth, SAP Design Hub India

Nurturing design talent and expanding India's vibrant design community

Srichand Manoor

Event Experiences, SAP Design Hub India

Creating immersive experiences that connect and inspire designers

Design Hub India, the largest design hub among all other 9 global design hubs across SAP, is uniquely diverse — powered by passion, connections, and creative energy.

Design Hub India stands as a testament to SAP Design's commitment to nurturing exceptional design talent across the subcontinent.

200+

Passionate Designers

Across multiple LoBs throughout India

9

Global Design Hubs

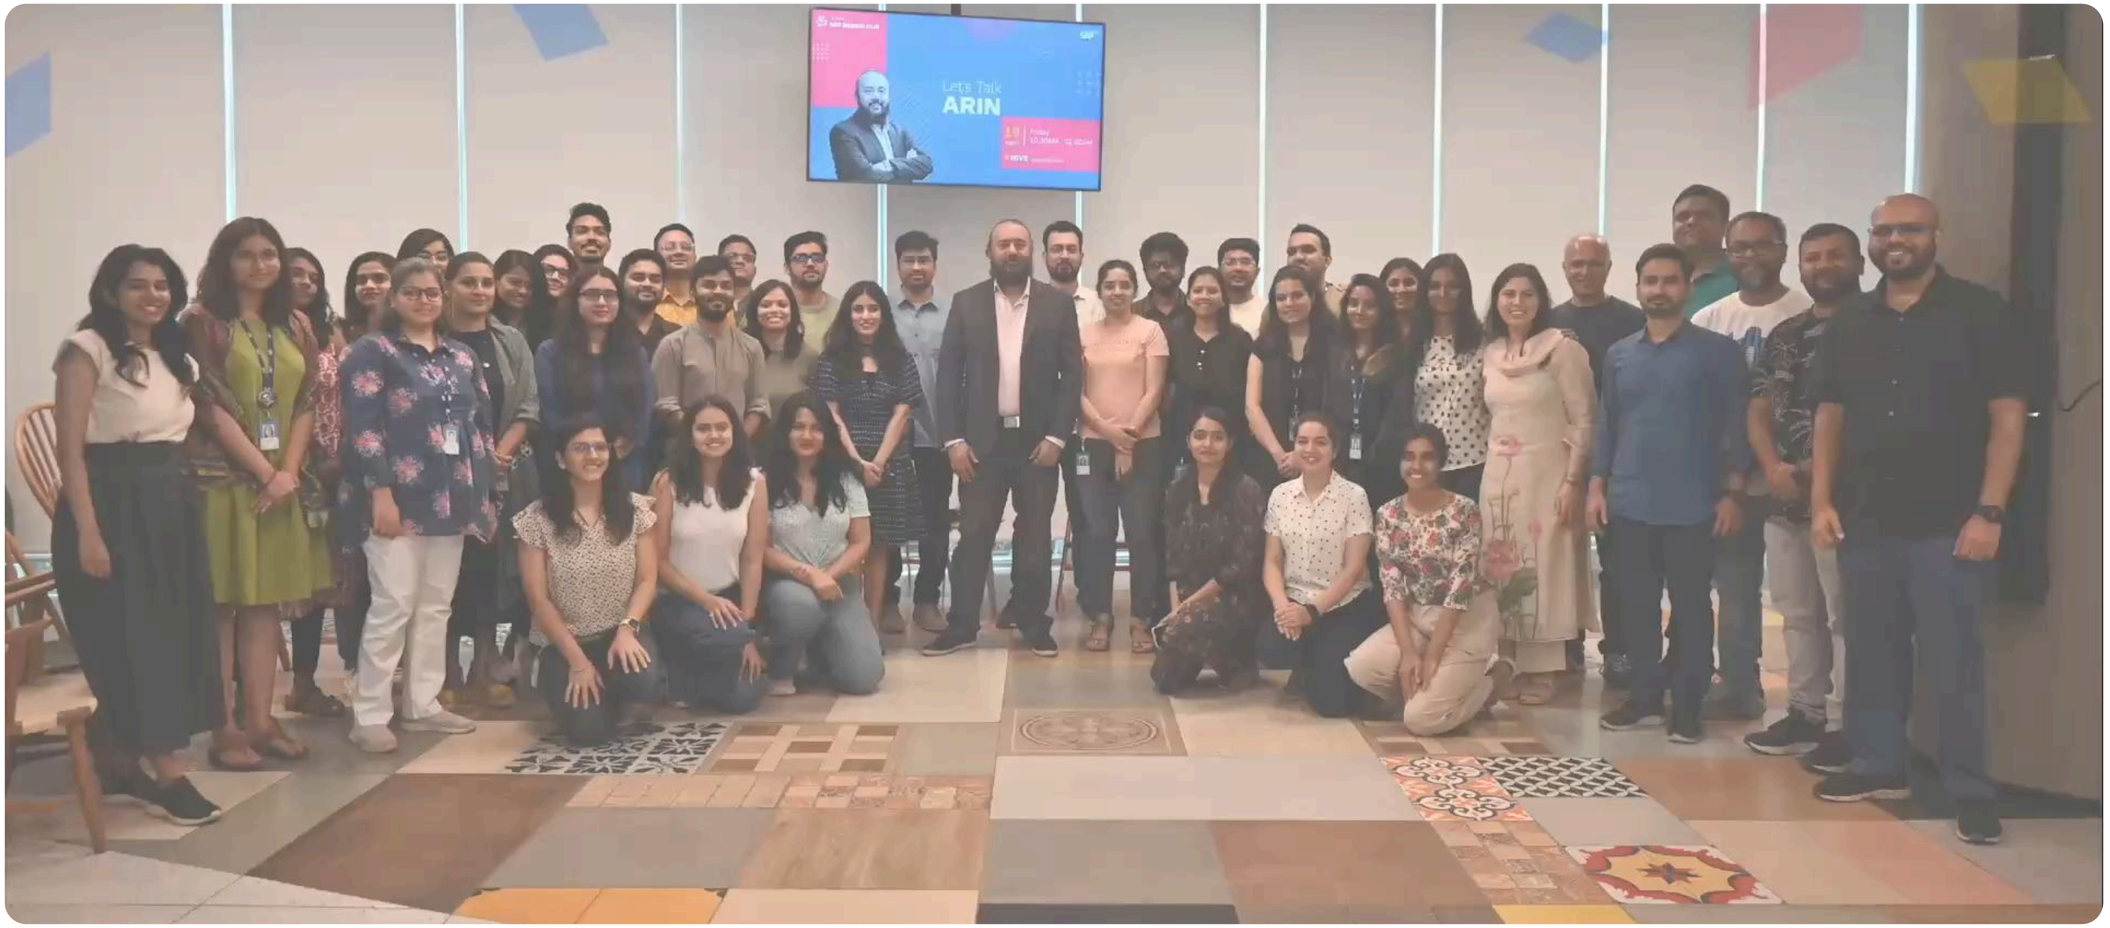
With India being one of the largest in the network

2023-25

3 Years of Eventful Journey

Bringing the community together to collaborate

Past Initiatives



Vision 2026

To nurture a culture of collaboration and curiosity; to make every designer feel seen, supported, and celebrated.

Elevate Creative Confidence

Closer engagement and collaboration within the design community and outside it (Partners, Academia, Design+Dev Communities)

Drive AI Learning-Led Events

Enabling **continuous learning** for designers and evangelise design

Build Local + Global Bridges

Building, growing, and **empowering stronger community** with meaningful opportunities for designers

2025 Charter

Plans Ahead

Aug’25

- HPOM Session
- Design Talk - Nico Licht
- Impulse Curation

Sept’25

- Mindfulness Workshop
- NID Experience Day
- Frog Collab
- Guest Speaker Session 1

Oct’25

- Guest Speaker Session 2
- Guest Workshop 1
- Srishti Collab
- Festivities Celebrations

Nov’25

- DesignUp 2025
- Coffee Corners
- Impulse India 2025
- TechEd Bangalore

Dec’25

- Design Quiz
- Workshops
- Fun Games

Jan’26

- Guest Sessions
- Internal Sessions
- Wrap Up

Impulse India 2025

Opening & Welcome (Arin, Sindhu & Milesh)
Morning Keynotes(4-5 Slots)
Exhibition/Demo Booths
Parallel Sessions

- **Space 1 - Challenge Arena - Design Challenge**
- **Space 1 - Mentor Lounge - Mentoring Booths**
- **Space 2 - Workshop Zone -**
  - **Workshop I - AI Tools for Designers etc.**
  - **Workshop II - Design & Craft workshop**
- **Space 2 - Immersion Zone - Immersive Demonstrations**
- **Space 2 - Exhibitions: Industry Showcases,**

Lightening Talks in both Space 1 & Space 2 (6 slots)
Afternoon Keynotes - (3 slots)
Closing Note by Arin
Awards and felicitations

Echoes of Tomorrow

The theme "Echoes of Tomorrow" represents the profound idea that the future is not a distant destination, but a voice that speaks to us today through every design decision we make. Just as sound waves ripple through time and space, our choices in design create echoes that resonate across generations.

Why this matters today?

In 2025, we stand at an unprecedented intersection of technological capability and human need. The decisions we make today will echo through decades of human experience.
In an era where artificial intelligence reshapes creativity, where ethical considerations define responsible innovation, and where sustainability determines our planet's future, we must listen carefully to these echoes — for they carry the wisdom of what's to come.

4 Tracks to the Future

Each track represents a crucial dimension of design's evolution, offering deep insights into how we can create more thoughtful, impactful, and future-ready experiences.

- **Signals in the Noise**
- **The Ethics Engine**
- **Design with Nature**
- **Emotion-First UX**

Signals in the Noise

Visionary minds cutting through the chaos to surface what truly matters. In an age of information overload and endless distractions, this track focuses on developing the clarity and vision needed to identify breakthrough opportunities and transformative ideas that will shape tomorrow's design landscape.

The track explores the edge of AI and similar topics on ultra-modern technologies, it’s nuances but the aspects that truly matters.

Ethics Engine

Bold conversations on biases, transparency, and what responsible design looks like. This track dives deep into the moral imperatives driving ethical design decisions, examining how we can build systems that are not only functional but fundamentally fair, inclusive, and beneficial to all users and society at large.

Design with Nature

Biomimicry, regeneration, and learning from the original innovator: mother Nature! Discover how billions of years of natural evolution have perfected sustainable, efficient, and beautiful design solutions that we can adapt and integrate into our digital and physical design practices.

The track explores the realm within and beyond sustainability, circular design, designing for pets, plants, animals and planet.

Emotion-Frst Design

Designing not just for function, but for feeling — intuitive, affective, and human. This track explores how to create experiences that resonate on an emotional level, building deeper connections between users and digital products through empathy, joy, and genuine human understanding.

The track goes deep into aspects of cognitive design, psychological aspects, neuroaesthetics and persuasive strategies.

Collaboration

Partnering with us means building something bigger than any one of us—together, we'll:

Share and Grow

Opening our networks to each other, creating a stronger, more connected and prosperous design community.

Energise the Community

Drive engaging, meaningful, and learning-rich activities that bring designers together in impactful ways.

Amplify Our Voice

Strengthen each other's presence, both online and offline, extending our reach to a global audience.

Our Collaboration Promise

Value-Driven Initiatives

Partner on opportunities that inspire and elevate the community with our shared commitment to innovation.

Create Impulse Moments

Strengthen each other's presence, both online and offline, extending our reach to a global audience.
